Silver Spring, MD 20904

Dear Kate:

"The hall was bursting with beautiful and enriching song." It was "an extraordinary event." There was a "feeling of warmth and love shared by Marian Anderson's community." These are just a few of the many accolades I heard about the February 27 Marian Anderson Tribute and your performance in it.

Many thanks for traveling north to Connecticut to share your talents with us. It could not be easy to perform in front of members of Miss Anderson's hometown crowd, including some of her former nurses, but you definitely charmed them.

You will no doubt be pleased to know that the limited edition cachet envelopes brought in \$2,000.00 to support the Marian Anderson Studio at the Danbury Museum. The Danbury Music Centre had a capacity crowd of 200 people of all ages in attendance. So many people have commented that the program was entertaining even before you stood up to sing, and then it became enthralling. A number of audience members have asked me to keep them informed if you perform in this area again.

Again, Kate, our heartfelt thanks at your valued contribution to this special occasion.

Warm Regards,

Barbara Smith
