ANTHEM- "We'll be loving you...always." That's how Saturday's audience responded to the November 13 opening night performance of Anthem's ProMusica Arizona Chorale and Orchestra at the Boulder Creek High School Performing Arts Center.

Kevin Kozacek, director, conducted the Orchestra and Chorale in a charming and lively medley of music and songs, (including "Always") from Broadway musicals and other long time American favorites.

**Audience appreciation for the entire performance, including the witty and clever presentation of *Women: Back to the Future* by distinguished performer Kate Campbell Stevenson, was demonstrated by many standing ovations.** It was a wonderful opening night and day for the Chorale and Orchestra which featured over 110 performers from ages four through 74, with not an empty seat in the house.
