Silver Spring, MD 20904

Dear Kate,

On behalf of the Greenway High School Parent Action Club, I am writing to thank you for helping us accomplish our most successful fundraising event ever! Beyond the students, teachers and parents from Greenway, hundreds of people from throughout the Phoenix area were mesmerized by your amazing show. Your performances of *Women: Back to the Future* achieved the following goals for Greenway:

- Raised over \$7750 to underwrite the purchase of audio-visual equipment for our multi-purpose room-4 to be used by our students and outside community groups.
- Accomplished cross-curriculum integration between History, English, Journalism, Drama, Advertising and Music.
- Provided community service opportunities for student groups campus-wide
- Provided outreach to the greater Phoenix community touching the lives of over 300 at risk teens through a grant from Target Stores
- Provided a stepping stone for inter-generational experiences
- Interfaced with the home school community and other schools in our district
- Raised public awareness of Greenway High School in the greater Phoenix area through newspaper and television coverage
- Provided networking opportunities with many groups including the following: Girl Scouts, Boy Scouts, League of Women Voters, Kiwanis, Big Brothers, Big Sisters, Zonta, Junior League, Rotary and many area retirement homes.

Your beautiful voice and accomplished acting did indeed make your characters come alive. We were also inspired by your personal courage in flying to Phoenix September 18th in the wake of the 9-11 tragedy. Your example and your program helped us all cope with reality and move on toward our dreams and uncharted paths.

You are one terrifically talented lady and I would be happy to sing your praises to any other school, group or organization interested in our experience with ***Women: Back to the Future***. We are definitely looking forward to meeting your new characters at a future performance at Greenway!

Sincerely,

Connie Henry, Chair
Women: Back to the Future Event, Greenway High School
