Dear Kate:

On behalf of the Lowcountry Tech Prep Consortium I would like to thank you for bringing *Women: Back to the Future* to South Carolina. Your amazing talent, your passionate commitment to excellence, and your insightful interaction with your audiences renders *Women: Back to the Future* as an incredible event. Your presence was certainly a most appropriate addition to our statewide celebration of Carolina Careers Week.

There is no doubt that many of the more than 3,000 students on the Lowcountry who attended your performances were inspired to believe in themselves and reach for that special gift hidden deep within each of them. We have received nothing but extremely positive comments about your presentations. The energy level that allowed you to conduct three performances per day for four consecutive days in six different locations was unbelievable. Thank you for exerting the extra effort that enabled us to reach as many students as possible during your visit.

I certainly hope that you will be able to return to South Carolina some time in the not too distant future. We will always have students here in the Lowcountry that need to hear your message.

Bravo for a job well done!

Yours truly,

David A. Walker
Executive Director
